ERIC DAVID RODRIGUEZ FLORES

has successfully completed the online Professional Certificate

Preparing for Google Cloud Certification: Machine Learning Engineer

In this Professional Certificate, learners understood how to design, build, productionalize ML models to solve business challenges using Google Cloud. They experimented with end-to-end ML, learnt advanced ML to build production-ready ML models on Google Cloud.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
