Antonio Cangiano

Antonio Cangiano
Director, IBM Skills Network

ERIC DAVID RODRIGUEZ FLORES

has successfully completed the online Professional Certificate

IBM iOS and Android Mobile App Developer

The individuals with this Professional Certificate have showcased their competence in cross platform mobile app development on iOS and Android. The certificate holder has good knowledge of the software development lifecycle (SDLC), user interface and user experience (UI/UX) concepts, and tools required for mobile app development. They have demonstrated their skills and proficiency in building apps using HTML, CSS, JavaScript, Flutter, Dart, React Native and Swift. The certificate holder is familiar with Git and GitHub. Through engaging in hands-on projects, the certificate holder has demonstrated their competence in designing, developing, testing, deploying and updating Android, iOS, and cross-platform apps.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
