ERIC DAVID RODRIGUEZ FLORES

has successfully completed the online Specialization

Developing APIs with Google Cloud's Apigee API Platform

In this three-course specialization, learners explored how to design, develop, secure, and publish APIs using Google Cloud's Apigee API Platform. Learners integrated prior technical skills into practical skills for the job role of API Developer.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
