ERIC DAVID RODRIGUEZ FLORES

has successfully completed the online Specialization

AI Infrastructure: Deployment, Networking, and Storage

Now that you have completed AI Infrastructure: Deployment, Networking, and Storage, you stand out with a unique set of skills and knowledge in AI infrastructure. This certificate demonstrates your job readiness and can be shared with your professional network. Throughout this program, you've engaged with instructional videos, assessments, and practical exercises, gaining a deep understanding of cloud AI infrastructure, including: deployment of AI workloads on GCE and GKE; networking and storage design for AI pipelines; and GPU and TPU selection, interoperability, and performance tuning.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
